

**Health Professions Council
Communications Committee 27th February 2006
CPD communications**

Executive Summary and Recommendations

1. Introduction

Health professionals on the HPC register must shortly start gathering a portfolio of CPD evidence that will help them meet the CPD standards established by Council in the summer of 2005.

HPC must communicate not only the standards, but also how people can meet those standards. It must also inform a range of stakeholders about the requirement for CPD to be undertaken by health professionals.

2. Decision

The committee as asked to discuss the short CPD communications plan and make recommendations on key audience targeted. The Committee should also take into account any budget or resource implications that may be created when making recommendations.
