

Agenda Item 33

Enclosure 31

Paper ETC 31/03

Education and Training Committee

DIRECTORS' VISITS TO COURSES

from the Secretary

for information

The Council and Committee agreed last autumn that senior staff from HPC should visit courses and institutions to engage in dialogue with students about HPC.

Letters were sent out in November to a pilot group of institutions which received a very positive response. This was followed up in January to put detailed arrangements in hand.

Meanwhile, specific requests have been made separate from this exercise and one such visit – to Brunel University – took place on 17 December 2002 by prior arrangement.

A power-point presentation was prepared for that event, and could be made available to members on request.
