Eileen Mullan

<b>Decision</b>
That the programme has been subject to major change and that an approval visit is required to determine how the programme continues to meet the standards of education and training. The visit should be conducted to determine that all of the standards are met by this programme with particular focus on how the admissions process, programme management and resources as well as the practice placement provision.
<b>Reasons</b>
The panel agreed that a visit was required to review the issues raised in the major change visitors' report. Owing to the nature of issues highlighted by the visitors, the panel stated that a visit must be undertaken in order to ensure that the programme is compliant with the standards required for safe and effective practice. A visit should be scheduled along a two to three month notification period following guidance previously approved by the Education and Training Committee (2 December 2008).
