

Finance and Resources Committee Meeting – 20th November 2007

Finance Department Reorganisation

Executive summary and recommendations

Introduction

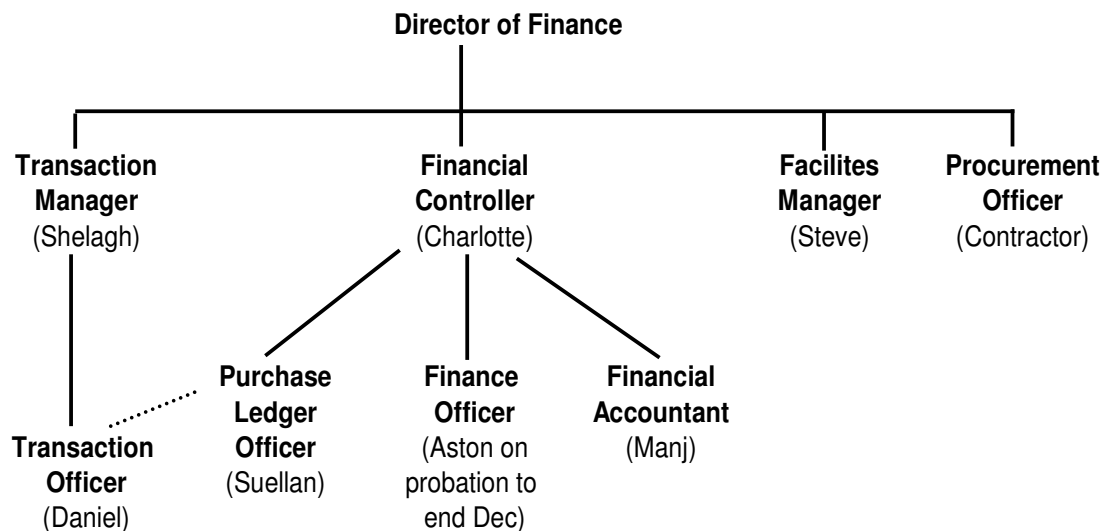

Decision

The Committee is requested to note the document. No decision is required.

Background information

To better reflect the nature of the working relationships within the department, the Finance dept is planning to change the organisational reporting structure within Finance from 1st January 2008.

At present all Finance employees report directly to the Finance Director, along with the Facilities Manager. After the proposed organisation, the Management Accountant's title would change to Financial Controller and the three accounting employees would report directly to the Financial Controller role as follows:
