

HPC Health, disability and registration policy

Executive Summary and Recommendations

This paper is to assist members of the PLG in their work, setting out the context in which the Council agreed to set up the PLG, and other work being done to address issues in this area.

Introduction

This policy was first presented for discussion at a workshop event on March 1st 2004. It has since been discussed at all the practice committees and by a meeting of the Council.

Decision

This paper is for information.
